6. Water Usage Report - Mike Lata

Sorry I can not join you all tonight:

- Numbers were up for May 2023. High water usage going on in South Shore and Control/Edgewood. Mainly due to hydrant flushing earlier in the month and seeing quite a bit of outside watering going on in South Shore. We have combed the area and nothing noticeable out there.
- I spoke with George and he should be coming around some point this month.
- 6/1/23 - Backflushed Ballfield Well
- 5/23/23 - Inspected a leaky meter at 913 Cedar - Nothing found
- 5/24/23 - Upgraded endpoint at 907 Rosewood - Not linking
- 6/5/23 - Troubleshoot high usage complaint at 929 Edgewood - Hose left running for 4 days, exposed, located curb box and check valve for ops - good.
- 6/6/23 - shut off water at 936 W. Walnut (see 924 Homestead)

Water District No. 1
Township of Stillwater, County of Sussex

Emergency No. (973) 579-7740

- 6/6/23 - Shut off/on water at 912 E. Walnut - If we need to revisit please let me know.
- 6/6/23 - Shut off/on water at 936 E. Walnut - If we need to revisit please let me know.
- 6/7/23 - Low pressure complaint at 924 Homestead. Flow good & 80psi.
- 6/8/23 - Spoke with 924 Homestead says water was good after 8pm last night and this morning and then texted and said she lost water again. Weird right? Went back and checked her house in & out and we then turned curb stop back in front of 936 W. Walnut and her pressure came back??? We are monitoring this closely and investigating further. Unexplainable how she had psi sometimes and all. Was curb stop valve slightly leaking or someone turn on at night?
- Should have Maxwell over to Ridge Well shortly. Those guys have been busy.
- Working with Badger on multiple issues and hope to have these all resolved by next meeting.
- 6/6/23 - Marsh - 910 Cedar - found locking device & lock MIA - Will stop by NJSP and add to his file. Will send over cost for both. Let me know how we wish to proceed here. I know the meter pits are months away. We can remove his curb box but he told me he doesnt care, he'll just dig it up.
- A few curb boxes out there that need repair/locating via excavator, sorry dont have the list.

7. Treasurer's report - Jeff

Jack approve, Tom 2nd
